The Northern Democrats do not relish it. and it is doubtful.

Last night, a large crowd collected at the President's House, where he was seronaded I will send this valuable prescription to any person by the firing of cannon and the music of the Marine Band. Senators Bright, and Green, and Representatives Glancy Jones and English were serenaded at their residences, and made speeches of exultation over the passage of the Kansas Bill, regarding it as a measure for peace not only for Kansas, but the whole Country.

Gov. Walker, in his recent letter to Messra. Cox and Lawrence, said the Conference Bill was interpreted by him as in precise conformity of his views and course, not only in Kansas, but since his return, and in following the path where his duty and his conscience led him, he must support it. He adds, the odious Lecompton Constitution born in fraud and baptised in perjury, will be defeated by an overwhelming vote of the People of Kansas thus demonstrating by a practical result the truth of my interpretation that the bill doe in fact submit the Constitution to popular suffrage for rejection. With such a bill, and such a decision of the people under it, no formidable effort will ever be again madto withhold from the people of incheate States, a vote for or against ratification of rejection of their State Constitution, and the oligarchic doctrine of Constitutional Sovereignty, will be abandoned.

INDIAN OUTBREAK. Washington, May 3d.

The President has received authentic information that a large body of Indians of various hostile tribes are collecting on the head waters of Red River. They are well armed, and say that it is the intention of the Great Chief of the West, Brigham Young, to exterminate the white settlers on the frontier. A Regiment of Government Troops from Texas is now on the way to that point, havmg been ordered there some time since, in anticipation of the movement. WASHINGTON, May 3.

The nomination of Judge Loring of Massachusetts to supply the vacancy in the Court of Claims, occasioned by the death of Judge Gilchrist, was communicated to the Senate by the President to-day. Nearly all the democratic Senators united in the request for his appointment.

The object of Mr. Grow for asking leave to day to introduce a joint a resolution in the House to prevent the sale of Public Lands under a proclamation of the President, until ten years after survey, was to prevent speculators from absorbing them, leaving the preemption laws as they now exist.

The Democratic Senators will hold a can cus to-morrow morning, in reference to the course to be pursued to facilitate public busi-

A LMOST every one, certainly every mershant, has sometimes very strongly wished that he had a reliable correspondent and friend living in this great metropolis, to whoth he could send for the transaction of some business or the purchase of some article, that he could not make it convenient to go to the city to do, or to buy himself, with full confidence that the business would be well done, and at a reasonable expense to him. I S ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, casier, milder and more ffectual than any other medicine known. It is not effectual than any other medicine known. It is not only a Cathartic but a Lacreremedy, acting first on the Lacer to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the eperations of most Catharina. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strongth and build it on with amount ranger. and build it up with unusual rapidity.
